

programs specifically designed for children with disabilities, including programs to integrate children with disabilities into regular preschool programs.

(g) *Technical assistance development system.* This system assists entities operating experimental, demonstration, and outreach programs and assists State agencies to expand and improve services to children with disabilities.

(h) *Synthesis projects.* These projects synthesize the knowledge developed under this part and organize, integrate, and present the knowledge so it can be incorporated and imparted to parents, professionals, and others providing or preparing to provide preschool or early intervention services and to persons designing preschool or early intervention programs.

(i) *Statewide data systems projects.* These projects establish an inter-agency, multi-disciplinary, and coordinated statewide system for the identification, tracking, and referral to appropriate services of all categories of children who are biologically or environmentally at risk of having developmental delays.
